OFFICE NOTE.

SUBJECT. Reward proposed to be paid to village Totie for having watched the Kanavekallu date & palmyra plantation near Bowenpet.

LAST REFERENCE Letter No. 483/22 dated 24th July 1899 from the Excise Commissioner

Sl no 10½ & 12 of R. F 1031/92-93

The Excise Commr in his letter no 2587/255 of 28th November 1894 proposed the temporary employment of village Toties for looking after date plantations in the Kolar district, and recommended the payment of a small allowance to them. The Govt objected to the payment of a fixed monthly allowance and pending submission of the proposals on the general question of remunerating village servants for the kudy work they were required to do, the Excise Commissioner directed that the Dy Commrs

might be encouraged to plant the trees of date plantations, annual rewards within reasonable limits with reference to the quality & quantity of work done; but no recommendation for payment of such rewards ever afterwards came before Government or sanctioned, under the above recommendation made by the Excise Commr, a temporary employment of a watcher on Rs 5/- per mensem was sanctioned 1st for one year & then for another two years, in the case of Parakuna Ayrakar plantation.

In regard to the final question of remunerating the village servants for the toddy work done, the Excise Commr was asked to submit his proposals with reference to the introduction of the tree tax system & in reply he said that the large establishment sanctioned for the working of the tree tax system rendered the utilization of the services of the village servants for toddy work unnecessary & the question practically stopped there.

The bill submitted in the Excise Commrs letter under disposal is the first of its kind & the amount viz Rs 105/- therein shown represents the rewards payable to two watchers for the last 8 years and the Excise Commrs proposes the charge to be met from the provision of Rs 4 000/- made under the head "plantations" in the current years Excise Budget.

Enquire (1) why the recommendation was delayed for such a long period as 8 years (2) whether the reward would have to be paid in future years also & (3) whether there are any other cases (& what) in which rewards either retrospective or prospective would have to be paid -

Ex VR 11/8/99

P.J.O. 8-99

To the above queries, the following replies have been given.

(1) With reference to the delay in the submission of the recommendation, the Amildar, after admitting that there was a delay in the Taluk office in replying to certain references of the District office, pleads inability to furnish any explanation for the same on the ground that some of the officials, who were then in office, have now left the Taluk.

(2). To the second question, the Amildar and the Deputy Commr say that the reward will have to be paid in future years also and the Excise Commr limits the period of futurity to 3 years including the current year.

(3). To the third of the queries, the Excise Commr says that there are no other cases in which rewards either retrospective or prospective will have to be paid.

In every sanction to these bills say that in future rewards, if any, should be recommended as soon after the close of each year as possible
